PROFESSIONAL SUMMARY

Third-year Information Technology & Management undergraduate at the University of Moratuwa seeking a Software Engineering Internship. Experienced in building secure, scalable, and user-centric full-stack web and mobile applications using React, React Native, Node.js, Express.js, and MongoDB/SQL through academic, mentored, and personal projects. Demonstrates strong foundational skills in data structures, algorithms, and clean software architecture.

TECHNICAL SKILLS

- Languages: TypeScript, JavaScript, PHP, SQL, Python, C, Java
- Frameworks & Libraries: React, React Native (Expo), Node.js, Express.js, Socket.io, WebRTC
- Databases & Cloud: MongoDB, MySQL, Firebase, Cloudinary
- Tools & Platforms: Git, GitHub, Apache, Google Maps API, RESTful APIs

TECHNICAL PROJECTS & EXPERIENCE

• StrayCare – Mobile App

Technologies: TypeScript, React Native (Expo), Node.js, Express.js, MongoDB, Socket.io, WebRTC, Firebase, Cloudinary, Google Maps API

- Developed a comprehensive mobile application to streamline animal rescue reporting, lost & found alerts, pet adoptions, and location-based veterinary/shelter searches.
- Implemented secure authentication, role-based access control (RBAC), and JWT-based session management.
- Built real-time features including instant messaging, forum discussions, WebRTC peer-to-peer calls, and push notifications via Socket.io and Firebase.
- Designed an administrative dashboard for user verification, content moderation, and rescue operation tracking.

• BlogNet – Multi-User Content Publishing Web Application

Technologies: PHP, MySQL, JavaScript, Apache, Git, Markdown

- Developed a full-stack blogging platform following the Model-View-Controller (MVC) architectural pattern.
- Engineered secure user authentication, role-based access permissions, and session handling.

- Built dynamic CRUD operations for posts supporting Markdown formatting, file/media uploads, categories, tags, and multi-parameter filtering.
- Implemented interactive community features including threaded comments, likes, bookmarks, author follows, and real-time alerts.
- Built an administrative portal for user management, category administration, and content moderation.

EDUCATION

- University of Moratuwa — Moratuwa, Sri Lanka

B.Sc. (Hons) in Information Technology & Management | 2024 – 2028 (Expected)

- Academic Standing: Second Class Upper | CGPA: 3.61 / 4.00
- Relevant Coursework: Software Engineering, Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), Database Management Systems (DBMS), Statistics, Accounting & Financial Management, Applied Economics

- Esoft Metro Campus

Diploma in Information Technology

- Kegalle Balika Vidyalaya

G.C.E. Advanced Level (Physical Science Stream: Combined Mathematics, Physics, Chemistry) | 2020 – 2022

CERTIFICATIONS & BADGES

- AI Fundamentals Verification | DataCamp ([Verification Link](#))
- Building RESTful APIs with Node.js and Express | LinkedIn Learning
- Express Essentials – Build Powerful Web Apps with Node.js | LinkedIn Learning
- SQL Training | LinkedIn Learning (NASBA Certified)
- Frontend Developer Career Path | Scrimba Learning
- Career Essentials in Data Analysis | Microsoft & LinkedIn Learning

HACKATHONS & COMPETITIONS

- MoraXtreme 2025 | Competitive Programming & Algorithm Hackathon (Organized by University of Moratuwa)
- JapuraXtreme 2025 | Inter-University Coding Competition (Organized by University of Sri Jayewardenepura)
